

# EVOLUTION OF THE RECOMMENDED ALTERNATIVE

- **DEIS Build Alternative**

*Additional freeway lane in each direction, reserved median space, 3-lane service drives*

- **Modification 1**

*Additional freeway lane in each direction, no reserved median space, 2-lane service drives*

- **Modification 2**

*Additional freeway lane in each direction, reserved median space, 2-lane service drives*

- **Modification 3**

*Additional freeway lane in each direction, no reserved median space, 3-lane service drives\**

\* 2025 Traffic Analysis was not yet completed. Only 2-lane service drives are needed for 2025 traffic volumes.
